All Summer Fun Golf Camp lessons are lead by a select staff of experienced coaches, golf professionals and adult instructors in small group settings using real golf balls at a real golf course. These groups rotate through stations during the week that teach the fundamentals of grip, stance, posture, full swing, putting, chipping and pitching. In addition, demonstrations of etiquette, strategy, and efficiency are also presented to each group. More advanced topics include sand play and course strategy. A individual assessment program will help identify a student's strengths, as well as provide incentives to progress to the next level.
